# How to Apply for College

California State Assembly

**Bill Monning**

ASSEMBLYMEMBER, 27TH DISTRICT

*Dear Prospective College Student,*

Preparing and applying for college can be a challenging process.

Hopefully, this pamphlet will help guide you through the process. Included are timelines, tips on writing the admissions essay, and a list of useful phone numbers and websites.

I hold education as one of my top priorities and support efforts to extend educational opportunities to everyone. Please take advantage of this brochure and use it as your map to a successful future.

If you need further assistance with preparing and applying for college or financial aid, please do not hesitate to contact my district office.

Sincerely,

**BILL MONNING**

Member of the State Assembly  
27th District

## Why Consider College?

*A college degree can open doors and provide many opportunities. A college education means:*

### Enhanced Knowledge

**A college education** will increase a person's ability to think abstractly and critically, analyze information, express thoughts clearly in speech and in writing, and make wise decisions. These skills are useful both on and off the job.

### Greater Potential

**A college education** can increase a person's understanding of the community, the nation, and the world – as he or she explores interests, discovers new areas of knowledge, considers lifelong goals, and becomes a responsible citizen. A college education also provides greater knowledge of and appreciation for different ideas, philosophies, cultures, and people.

**A college education** provides students with an increased network of references for a future career. What students do in college is as important as their grades because the contacts and friends they make will be the people who support them when they begin to look for a job.

### Increased Job Opportunities

The world is changing rapidly. Many jobs rely on new ideas and technology, and already require more brain power than muscle power. In a person's working life, many jobs will require education beyond high school. A college education will increase the number and variety of jobs from which a person can choose.

A college degree often leads to higher income, a better standard of living, and a more satisfying job.

# Your Timeline

*The dates below are general deadlines. Please check with each college admissions office for their specific deadlines.*

## Freshman & Sophomore Year

- Become involved with extracurricular activities and take on leadership positions.
- Develop efficient studying techniques.
- Take courses in preparation for college.

## Junior Year

- Take the PSAT in the fall.
- Take the SAT or ACT, and SAT Subject Tests in the spring.

## Senior Year

### AUGUST

- Colleges mail applications to interested students.

### SEPTEMBER

- Write and rewrite your personal statements.

### OCTOBER/NOVEMBER

- Take the ACT or SAT.
- CSS Financial Aid Profile Registration deadline for early admissions.
- Begin submitting college applications (check each college campus for their early and regular decision application deadlines).

### DECEMBER

- Decisions mailed to early decision applicants.

### JANUARY/FEBRUARY

- Deadline for CSS Financial Aid Profile Application for regular admissions.
- Deadline for the Free Application for Federal Student Aid (FAFSA).
- Reply deadline for admitted early decision students.

### APRIL

- Decisions mailed to all regular decision applicants.
- Some colleges provide notification of financial aid awards in the same mailing.
- Attend on-campus programs for admitted students.

### MAY

- Reply deadlines for admitted regular decision students.

### AUGUST/SEPTEMBER/OCTOBER

- Attend on-campus orientation programs.

## The Admissions Essay

*Along with your academic record and test scores, the admissions essay serves as another important aspect of your college application. It allows the admissions officer to see the personal side of you and how much you can contribute to the college or university.*

*Below are some suggestions to make your admissions essay successful:*

- Answer the questions completely.
- Write naturally, but concisely.
- Use proper grammar and punctuation.
- Personalize your essay as much as possible. Allow your personality to shine through.
- Provide details to keep the story colorful. Use your normal, everyday vocabulary.
- Write about your own unique, funny, interesting experiences.
- Be honest.
- Tell a story in a relaxed, conversational style.
- Use humor.

- Convey a positive message (avoid cynicism).
- Write about topics you are passionate about.
- Use analogies to convey your message.
- Use logical paragraph breaks.
- Use the active voice.
- Use a large font that is easy to read.
- Proofread several times and get feedback from valued sources.

### Avoid the following:

- Don't oversell yourself or try too hard.
- Don't rehash information that can be found elsewhere in the application package.
- Don't write a scholarly or overly academic paper.
- Don't appear overly idealistic or preachy. Avoid essays on "world peace."
- Don't try to explain blemishes on your record.
- Don't discuss dysfunctional family issues.
- Don't use trite, tired themes for the focus of the essay. Be original.
- Don't use large, pretentious words. Put away the thesaurus.
- Don't overuse adjectives.
- Don't be boring and monotonous.
- Don't be gimmicky.

## Useful Phone Numbers:

American College Testing Program (ACT)  
(319) 337-1000

College Board (PSAT, SAT, and SATII)  
(800) 239-5888

Free Application for Federal Student Aid (FAFSA)  
(800) 433-3243
